

neomento is a spin-off project from the German Center of Neurodegenerative Diseases (DZNE). We develop innovative, research-backed virtual reality (VR) based solutions for psychotherapy. Our team in **Berlin** (partly remote work possible) is currently looking for support in:

Business Development (working student) (f/m/d)

Your tasks:

- Support the team in the process of obtaining a medical device certification for the developed therapy software
- Support compilation of investor-related documents and within grant applications
- Support marketing of the developed solutions (social media, marketing material etc.)
- Create visuals for internal and external use (optional)
- Conduct research on competition and industry sector

Your ideal profile:

- Currently enrolled at a university/university of applied sciences
- Interest in working for a research spin-off in the field of healthcare/VR
- Creativity and a proficient knowledge of software for design and creation of visuals (Adobe Creative Suite or similar) is a plus
- Fluent in written and spoken English and German
- Highly motivated team worker

Why join us?

- Become part of a motivated, fast-growing team with a strong track record
- Employment within a prestigious research institution
- Office in the heart of Berlin at the Charité campus next to the Berlin central station
- Work directly with cutting-edge VR devices

Starting date: 01.04.2019

Contract length: up to 18 months, 10-15 hours per week

If you are interested, please send your application and CV to career@neomento.de.
